DATA DICTIONARY

RATING CATEGORIES

A rating category is stored against each rating in our internal ratings database. This value is included in some rating feeds. Below are the definitions for each category:

Underlying: A rating based solely on the characteristics or credit of the specified issue or obligor.

Insured: An insured rating is a rating on an obligation that is based on the presence of an insurance policy provided by a financial guarantor for which KBRA has assigned an insurance financial strength rating.

Bank Enhanced: An irrevocable commitment, usually made by a commercial bank, to honor demands for payment of a debt upon compliance with conditions and/or the occurrence of certain events specified under the terms of the letter of credit and any associated reimbursement agreement.

Programmatic: The use of the credit of an entity other than the issuer or obligor to provide additional security or complete credit substitution in a bond or note financing. The term can be used in the context state intercept guarantee, credit programs of federal or state governments or federal agencies, among others.
